Spiritual Advisor

An experienced guide is essential on any spiritual or psychological quest. Tayria is a well-trained mentor for individuals and groups. One of her dearest concerns is to assist you to become, in the words of poet e.e. cummings, "nobody but yourself in a world that is trying to make you into everybody else." The journey begins with this.

Dreamwork

Every dream of the night contains messages and guidance for your life. Tayria has worked with dream interpretation for more than 30 years. She will also help you to discover the dreamtime in waking life.

Reconnection with Nature

Indigenous peoples maintained an on going dialogue with nature and spirit. These skills are still available to us, but have atrophied as cultures have modernized. Tayria is committed to assisting in the recovery of these capabilities.

Griefwork

Tayria works with individuals and small groups needing concentrated assistance and support in the grief process.

Vision Quests

This ancient ritual has been practiced in some form by every culture and religion. Tayria conducts wilderness quests for persons seeking an authentic vision for self and life.

Dialogue Training

True dialogue is an art and a science. Tayria offers training to groups in methods of honest speaking and deep listening that promise to provide revelations and connections rarely experienced in any other way.

Oracular Divination and Consultation

Since the beginning of time, people have found ways to consult their guides and helping spirits through the use of the oracle. Tayria uses Tarot and other tools to help you find insight into the patterns of your life.

Lectures and classes

Tayria has worked as a public speaker and professor for more than 30 years.

Retreats and Private Intensives

At Bridging Worlds Retreat Center, or a location of your choice, Tayria conducts retreats or private intensives combining all of the tools mentioned here, or a selected focus.
